ABOUT NCAME

Ncame Computer Education Established in the year of 2010, Ncame is an ISO 9001:2008 certified firm that offers certified courses in the field of IT, Beauty, Finance and Banking and Retail that open exciting opportunities for people aspiring for a career in the IT, Beauty, Finance and Banking and Retail Skill industry. We are well known for being a premier IT, Beauty, Finance and Banking and Retail Skill training organisation in the regions we have a presence and are rapidly expanding across India keeping in view our credo as expressed by Mr. R.k Punia our Chairman and Managing Director: “We declare the sky to be our limit and the speed of light to be our speed of growth”. We offer vocational training to aspiring students, professionals and to organisations in the corporate and government sectors. We have also been associated with many government sponsored development schemes for skill development programs for youth belonging to disadvantaged groups in society. We have successfully trained participants in IT, Beauty, Finance and Banking and Retail skills and have successfully placed them in reputed organizations and empowered them in the programs we have partnered. As leaders in computer education, software development, HR & management consulting, and infrastructure management services; we have earned a well-deserved reputation as result oriented experts in our areas of expertise. By offering placement assistance to the students attending our certification programs we take pride in our success in having trained and developed employable professional for the IT, Beauty, Finance and Banking and Retail industry and empowered many young people by having successfully placed our qualifying students in good jobs.
